Newtown Savings Bank Included on Forbes List of America's Best-in-State Banks 2026 Ranking

NEWTOWN, CT – Newtown Savings Bank has been named to the *Forbes* list of *America's Best-In-State Banks 2026*, marking its second consecutive year receiving the prestigious recognition after also earning the honor in 2025. Presented in partnership with Statista, the ranking recognizes financial institutions that excel in customer satisfaction, trust, financial advice, digital services, terms and conditions, and customer service. Newtown Savings Bank was one of only four Connecticut banks included on the 2026 *Forbes* list, highlighting the Bank's continued commitment to excellence for its customers throughout the market area.

The "America's Best-In-State Banks" ranking is based on an independent survey of thousands of U.S. consumers, as well as publicly available reviews. To be eligible, banks and credit unions must have received a minimum number of evaluations, with awarded institutions averaging more than 635 evaluations. The ranking focuses on institutions that operate in 14 states or fewer and are not online-only banks, underscoring the importance of strong regional and community-based banking relationships. Rankings are determined by analyzing overall performance and customer sentiment, with top-performing banks and credit unions in each state identified.

"Being recognized by *Forbes* for a second consecutive year is a great honor," said Ken Weinstein, President and CEO of Newtown Savings Bank. "To be one of only four Connecticut banks named to this list reflects the trust our customers place in us and the dedication our employees bring to serving our communities every day."

For more than 170 years, Newtown Savings Bank has served Connecticut residents, families, and businesses with a focus on relationship banking and community engagement. The Bank's recognition on the *Forbes* list reflects its ongoing dedication to providing exceptional banking products, outstanding customer experiences, and best-in-class technology all while supporting the communities it serves through philanthropy and employee volunteerism.
