

Join us for our 'Drive & Drop' Food Collection

All [14 branch locations](#) are accepting non-perishable food donations to benefit local pantries on this **Friday, June 26th from 9 am to 4 pm & Saturday, June 27th from 9 am to noon.**

Donors will be able to drive up to a designated area at each branch, and employee volunteers will remove donations from the trunk. All donations will be delivered to a food bank located in each branch town the following week. Nonperishable food items, personal items, pet food, and household supplies are needed.

“Our local food pantries are operating with limited hours and resources these days but have greater demand than ever. We wanted to make it as easy as possible for our customers and members of the community to help stock the pantry shelves to help our neighbors in need,” said Ken Weinstein, Newtown Savings Bank President & CEO.

As we head into summer with more businesses reopening, we are seeing more optimism from investors and the public in general. The markets continue to recover and show their resiliency however there are still many questions regarding the impact to the global economy. We recognize that uncertainty around the COVID-19 pandemic is unprecedented and we will, in our opinion, have more volatile days ahead of us. But, using history as a guide, we know that this downturn will eventually end. It must be noted that markets have recovered from every bear market, whether short or longer-lasting, up to this point.

As always, [my team](#) is happy to answer any questions you may have regarding investing, the markets or financial planning.

Best Regards,
Jim
