

## Named One of America's Best Regional Banks

We are pleased to announce that Newsweek has recognized Newtown Savings Bank as part of its America's Best Regional Banks ranking!

This achievement reflects the hard work and dedication of our team, as well as the support we receive from our valued customers.

We thank you for placing your trust in us. Serving you and our community is what motivates us to do our very best every day, and we look forward to continuing to provide you the best in community banking services.

## In the Community

### 2023 Recap

As a local bank, we recognize the power of giving back to our community. From organizing food drives, volunteering with local organizations and teaching financial literacy, we strive to make an impact that goes beyond the Bank.

In 2023, our team volunteered over **6,000 hours**, serving more than 200 organizations in our community!

### **Wear Red Day**

Earlier this month, employees showed their support for the American Heart Association by celebrating Wear Red Day.

Together we raised \$400 for Go Red For Women, which supports educational programs to increase women's awareness and scientific research of cardiovascular health.

### **Adam's House**

Our team recently volunteered with Adam's House in Shelton, an organization that supports families dealing with the loss of a loved one.

Employees made blankets for children in the "Helping Hearts Heal" program, which will be distributed to help provide comfort and relieve anxiety.

### **Small Business Seminars**

We partnered with the Southbury Economic Development Commission to provide a series of workshops for small business owners in the Southbury community. Our seminars have covered a variety of topics thus far, including marketing strategies and tactics and cybersecurity.

**[Stay tuned for our next workshop!](#)**

Every year, federal agencies like the Internal Revenue Service and Social Security Administration assess the impact of inflation and the current environment on their areas of oversight. Often, this results in cost-of-living adjustments (COLA), which change many tax thresholds, retirement contribution limits and other tax-advantaged plans that are inflation-adjusted by law.

Here are a few **key 2024 adjustments** that could affect how you save, spend and invest. As you review these new numbers, we are available to discuss your financial strategy and any potential adjustments to consider.
