Voted Best Small Bank in CT!

We are pleased to announce that Newsweek has named Newtown Savings Bank as Best Small Bank in Connecticut for the second time!

Serving you and our communities is what motivates us to do our very best every day. We wouldn't be the bank we are without you.

"As a mutual savings bank and a community bank, our efforts in the community are central to our mission and we are honored to be recognized for a second time as Connecticut's Best Small Bank. I am proud of the dedication and hard work of our employees and their commitment to our customers." – Ken Weinstein, Newtown Savings Bank's President & CEO

Toys for Tots Drive

Thank you to all of our customers and employees for being so generous this holiday season. Our Toys for Tots drive was a great success and we couldn't have done it without you!

All toys collected will go to children in need in the Northwest Fairfield County area.

Protect Yourself from Fraud this Holiday Season

Reports of **mail theft** continue to increase in Connecticut. Checks stolen from the mail are used to commit bank fraud. Here are some tips to help reduce the risk of mail fraud:

- Use the Bill Pay service in Online/Mobile Banking to make electronic bill payments whenever possible.
- If you must use a check, bring it directly to the post office and hand it to a postal worker or hand-deliver it to the intended recipient.
- Follow up with the intended payee to confirm that they received the check.

If you believe you are a victim of stolen mail, contact Newtown Savings Bank as soon as possible. It is also important to contact your local police department and file a stolen mail report. For more ways to protect yourself from fraud, visit [our website](#).

Committed to our Communities

Investing in our local communities is at the heart of everything we do. We're honored to receive an "Outstanding" Community Reinvestment Act (CRA) rating as part of our FDIC examination. This is the highest rating a bank can receive and is defined as a bank having "an outstanding record of helping to meet the credit needs of its assessment area, including low-to-moderate income neighborhoods, in a manner consistent with its resources and capabilities."
