Travel Safe: Protect Yourself from Fraud

Vacations are a time to relax and enjoy being with the people who matter most—but it's still important to stay alert, especially with today's digital and AI-driven scams. Before and during your trip, take a few simple steps to protect yourself.

- ✓ Avoid sharing your travel plans online
- ✓ Keep an eye on your account activity
- ✓ Be cautious of unexpected emails, texts, or calls asking for personal information.
- ✓ When connecting on the go, stick to secure Wi-Fi networks (or use a VPN) and make sure your devices are updated and protected with strong passwords.

It's also a great idea to use our mobile app or Online Banking to set travel notices, turn your card on or off, enable alerts, and monitor transactions, giving you extra peace of mind while you're away.

Round-Up Your Spare Change

With Round-Up Savings, you can grow your savings automatically without changing your spending habits. Every time you use your Newtown Savings Bank debit card, your purchase is rounded up to the nearest dollar, and the extra change is transferred directly into your savings account.

It may not seem like much at first, but those small amounts add up quickly. Saving just \$5 a week can grow into \$260 a year—money you can put toward your goals, a special purchase, or simply building a stronger financial cushion.

If you haven't enrolled in Round-Up Savings, it only takes about 90 seconds. Log into [Online Banking or our App](#), scroll to Round-Up Savings and get started.

Don't have a Newtown Savings Bank savings account yet? You can open one today and start making everyday purchases work a little harder for you.
