Protect Yourself from Fraud

This Cybersecurity Awareness Month, we're sharing practical tips and tools to help you safeguard your personal information. Cyber threats are everywhere—but a few simple habits can go a long way in keeping you safe.

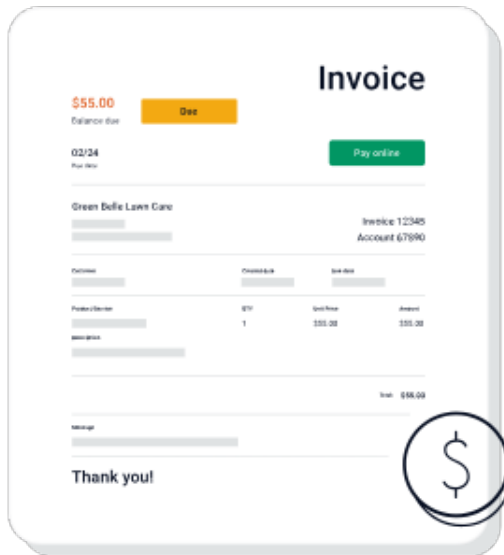

4 Ways to Protect Your Personal Info Online

1. **Turn on multi-factor authentication (MFA):** Add an extra layer of security to your accounts with a code, facial scan, or app verification.
2. **Use strong, unique passwords:** Aim for 16+ characters with a mix of letters, numbers, and symbols. A password manager with MFA can help you keep track.
3. **Keep software updated:** Enable automatic updates to stay up to date and protected.
4. **Avoid phishing scams:** Be cautious with messages from unknown sources—especially ones urging you to act fast. Always verify before clicking.

Stay alert. Stay secure. Small steps make a big difference.

Simplify Getting Paid with Autobooks

Managing your business finances just got easier. With Autobooks, you can send professional invoices, accept payments online, and track everything—all from your Newtown Savings Bank business account.

Whether you're a small business owner, freelancer, or non-profit, **Autobooks** helps you:

- ✓ Get paid faster with secure online payments
- ✓ Create and send invoices in minutes
- ✓ Avoid extra apps or fees—it's built right into Online Banking

Plus! Add on full financial management when you're ready; track income and expenses in one place.

Ready to streamline your business? Login to **Online Banking** or our App, from the Menu, click **Add-on Features** then **All Solutions** and select which Autobooks option suits your needs.

Mutuals Matter

Here, your money is making an impact. By choosing a mutual bank, your deposits help fuel local businesses, support community initiatives, and strengthen the towns we all call home.

You're not just banking—you're making a real difference in the community, and we thank you for putting your trust in us.
